

The Soil is Alive: It Feeds Your Garden

**Saturday, May 17
at 10:30 am - Noon**

**Montrose Regional Library
320 South Second Street**

**Bring a sample of your soil
(not compost) to examine!**

**Healthy soil is literally the
foundation on which we build
our gardens. Learn how to
improve the health of your
soil as well as the ability of
your garden plants to thrive.**

**\$5 suggested donation;
free to MBS members**

**Dave Dearstyne - a soil
scientist with over 30
years of experience -
will get you digging
deeper to understand
soil and the multitude of
organisms that live in it.**
